Re: Addictional Documents for Investigation:

Dear Commission,

Article VI of the United States Constitution establishes that the Constitution and Laws of the United States are the Supreme Law of the Land, binding upon all state courts and officers. The Magistrate, Prosecutors, and trial Court in this case #2017-3420, swore an Oath to uphold these Constitutional protections.

Magistrate Matthew Sabaugh by issuing an arrest Warrant without probable cause, Suppressing

exculpatory documents, and denying Mr Rider Bey the right to confront his Accuser who accused him of this crime.
These officials violated both the Constitution and their sworn Oath under Article VI.
Such violations strike at the very legitimacy of the judicial system and cannot be allowed to stand. By adding Article VI strengthens my issue by framing the violations as Constitutional Supremacy and Oath breaking, not just errors. It raises the stakes to judicial integrity at both State and Federal levels.

The Fourth Amendment requires warrants be issued only by a neutral and detached Magistrate upon probable cause.
Magistrate must examine the "complaint" and determine that probable cause exists before issuing an arrest warrant. Magistrate can not serve as adjuncts to the police.
Magistrate must take sworn testimony if necessary and ensure a record of that testimony is made in felony cases.
A Magistrate must ensure (a) a written complaint exists, (b) it is authorized by the prosecutor, (c) probable cause is supported by sworn evidence, and (d) the process is recorded where required. Failure to

follow this duty = abuse of process and violation of the Fourth Amendment.

Magistrate Matthew Sabaugh failed in his Constitutional and Statutory duty to act as a Neutral and detached judicial officer in issuing the arrest warrant.

The Fourth Amendment requires that an arrest warrant be issued only by a Neutral and detached Magistrate, Not by one acting as an arm of law enforcement. Coolidge V. New Hampshire, 403, U.S. 443, 449, (1971), and Michigan law codifies this duty in MCL 764.1a(5) and MCR 6.102 (B)(1), requiring the Magistrate to examine the "complaint," and ensure Prosecutor authorization, and Make a record of sworn testimony supporting probable cause.

In this case, Magistrate Matthew Sabaugh issued the arrest warrant without a written complaint, and without a prosecutor authorization, and without sworn testimony establishing probable cause. By failing to perform these duties, Magistrate Sabaugh abandoned his Constitutional role as a Neutral arbiter and acted instead as an adjunct to the prosecution. This violated both the Fourth Amendment and Michigan law, rendering the warrant void. The Magistrate failed in his duty, the

judicial Machinery itself was tainted. Under Article VI of the United States Constitution, all states officer are bound by Oath to uphold the Constitution. When a Magistrate issues a warrant in violation of these requirements, the court is stripped of jurisdiction, and all subsequent proceedings must be set aside. This was Extrinsic Fraud, and Article VI Oath clause. It frames the Magistrate's duty not as a Mere procedural oversight but as a Constitutional breach that destroyed jurisdiction.

Magistrate Matthew Sabaugh actions was egregious and he should be removed as a judge. Where is the written complaint to determine probable cause? Where is the prosecutor authorization? These documents does not exist. I am enclosing a felony Complaint that is impossible to determine probable cause.

Very Truly Yours

George H. Rider Bey

Re: Addictional document to investigate:
Investigation No. 2025-26831:

Dear Commission,

Magistrate Matthew Sabaugh participated in a conspiracy when he issued an arrest warrant without a proper formal complaint, or any affidavits of any witnesses.

Enclose please find a swear to oath by Detective Daniel Bozek, before Magistrate Matthew Sabaugh on February 22, 2017. Detective Bozek swore before Magistrate Sabaugh without a written complaint, or a prosecutor's authorization for a warrant.

The question that must be ask. How did Magistrate Matthew Sabaugh come to a probable cause determination, without the proper documents?

Whereas an arrest is made under a warrant, but the warrant was secured on the basis of false statements or misleading omissions made to Magistrate Matthew Sabaugh by Detective Daniel Bozek. The false testimony is Material to the probable cause determination of an arrest warrant.

In Michigan, a criminal prosecution does not start until an indictment is entered by a grand jury or an information is filed by the prosecutor. MCR 6.112(B);

A criminal charge, strictly speaking, exists only when a formal written complaint has been made against the accused and a prosecutor authorize it.
without these documents, then Magistrate Matthew Sabaugh enter into a secret agreement with prosecutor Jurij Fedorak and Detective Daniel Bozek. This was a conspiracy to the false imprisonment of George G. Rider. Magistrate Matthew Sabaugh committed Malfeasance in his judicial position.
Absolute immunity "does not extend to the

actions of a Prosecuting Attorney or a Magistrate who violates a person's substantive due process rights, by obtaining an arrest warrant by fabricating probable cause, and depriving a person of their liberty. Magistrate Matthew Sabaugh participated in this conspiracy to willfully, and maliciously falsely arrest George G. Rider.
This was the intentional and willful act to incarcerate an innocent man.
Punitive damages is being done, because every legal minded person knows what was done, and they allowed the damage to continue. This is systemic malfeasance that is being done.

Re: Addiction to investigation:
Investigation No. 2025-26831:

Dear Commission,

Magistrate Matthew Sabaugh used his position as a Magistrate, and the legal process to deprive me of my life, and my liberty when he issued an arrest warrant without a formal complaint or an affidavit from a witness, or an authorization from the prosecutor.

How can a Magistrate issue an arrest warrant without the proper documents. This is an abuse of the legal process.

In Michigan, a criminal prosecution does not start until an indictment is entered by a grand jury or an information is filed by the prosecutor. MCL 6.112(B) In Michigan prosecution is initiated in the sole discretion of the prosecutor. My question is, "Where is the formal written complaint, which becomes the information?" Where is the prosecutor's authorization, that initiated the prosecution?

Without these documents, Matthew Sabaugh committed Malfeasance. If he did not commit Malfeasance, then where is the proper documents he made his probable cause determination? Where is the proper written complaint? Where is the prosecutor's written authorization? Without these two documents, it was an abuse of the legal process, and Malfeasance on the part of Matthew Sabaugh.

Re: Request for Investigation No. 2025-26831

Dear Commission,

Magistrate Matthew Sabaugh under the color of law fraudulently issued an arrest warrant that the swear to oath was not accompanied by a written complaint or authorized by the Prosecutor Office, contrary to law.

Magistrate Sabaugh under the color of law Knowingly and fraudulently issued an arrest warrant on February 22, 2017 against George Gerald Rider premised on a complaint

that he Knew does not exist, and that he Knew to be deficient/void of any information describing circumstances, facts, and elements, to make a proper probable cause determination as defined by the United States Supreme Court in Giordenello, V. United States contrary to the Fourth Amendment.

Magistrate Matthew Sabaugh, contrary to Article VI of the United States Constitution, abdicated in his Constitutional duty under the Fourth Amendment, thereby depriving George G. Rider Bey of his Constitutional Rights and his Federal Civil Rights.

Magistrate Sabaugh as a judicial officer, being bound to the United States Constitution as the Supreme Law of the Land pursuant to Article VI Clause 2, abdicated in his Constitutional duty under the Fourth Amendment as defined by the Magistrate and the content requirements of a proper written complaint for a probable cause determination.

The Macomb County Clerk, Anthony G. Forlini verified that no documents exist pertaining to an arrest warrant, or probable cause determination to issue the warrant to arrest.

I am also enclosing my affidavit of Merit to verify my Actual Innocence, and my Factual Innocence, because of Magistrate Matthew Sabaugh abdication in his duty as a detached and Neutral Magistrate. Magistrate Sabaugh participated in a Civil Conspiracy when he issued a unlawful arrest warrant without probable cause, and without the proper documents.

I would like the Judicial Tenure Commission to examine Exhibit B, which is a perjured swear to oath, before Magistrate Matthew Sabaugh.

Very Truly Yours

George G. Rider Bey
